

Occupational Health, Safety, and Environment (OHS&E) Policy

Scope

The Executive Management Team at Centrax Limited have implemented the Occupational Health and Safety and Environmental Management Systems in line with ISO 45001 and ISO 14001 respectively.

This policy applies to the following:

Activities at the Newton Abbot site associated with the renovation and testing of gas turbines and the assembly of combined heat and power gas turbine generator sets.

Commitment

Centrax Ltd is wholly committed to ensuring a safe and healthy environment is provided in which its employees, contractors and customers can operate. The company will endeavour to prevent work-related injuries and ill health and to reduce the impact on the environment.

The company commits to operating in accordance with all legal and applicable regulatory requirements and codes of practice. Centrax Ltd will strive to deliver on the following promises:

Environment

- Manage environmental matters as an integral part of our daily activities and services.
- Prevent pollution and conserve resources through waste reduction, recycling, and minimisation of the consumption of energy and water.
- Make continual improvements to the environmental management system.
- Conduct all activities in compliance with applicable legal requirements, whilst also considering industry best practice or other requirements.
- Setting and reviewing environmental objectives and targets.

Occupational Health and Safety

- Setting objectives and KPIs which include a commitment to continual improvement of the management system.
- To identify, assess and mitigate hazards and reduce risk to prevent work related injury and ill health.
- Satisfy applicable legal requirements and industry best practices.
- Actively consult with, and encourage participation from, all employees in the development and implementation of our management system.
- Provide information, training and supervision to our employees, contractors, and visitors

This Policy, and its associated documents, shall be communicated within the company and shall be made readily available to all interested parties.

Review and Authorisation

This commitment will be reviewed regularly or in response to a need for a review.
